I love the way you look at me, can't you see
You're the only one that I could ever need
Can you feel how much, how much I wanna get
Maybe just a little, just a little bit

Closer
Closer than anything
Don't you wanna be
Closer
Til there's nothing in between
You and me...yeah

I gotta make a secret confession
All I really want is all your affection
Get a little crazy every time we touch
Close as we are, we could get so much

Closer
Closer than anything
Don't you wanna be
Closer
Til there's nothing in between
You and me...yeah

Baby don't you wanna get
Maybe just a little bit
Look into my eyes
And get hypnotized
One little magic kiss
We can always feel like this
Come on over here and get a little
Closer

Closer
Closer than anything
Don't you wanna be
Closer
Til there's nothing in between
You and me...yeah

Baby don't you wanna get

Maybe just a little bit
Look into my eyes
Just get hypnotized
One little magic kiss
We can always feel like this
Come on over here and get a little

Closer
Closer than anything
Don't you wanna be
Closer
Til there's nothing in between
You and me...yeah

Baby don't you wanna get
Maybe just a little bit
Look into my eyes
And get hypnotized
One little magic kiss
We can always feel like this
Come on over baby and maybe we could get

Closer
Closer than anything
Don't you wanna be
Closer
Til there's nothing in between
You and me..
