Here I am beggin' you to hold me  
When everything is tellin' me to run  
I could turn around, leave this town  
Without a sound and never say word one  
And just call it done

But I'm torn right down the middle  
I'm on both sides of the line  
I know I should be leavin'  
But the choice ain't mine

There's nothin' I can do  
I can't fight it  
I got a heart like a rocket  
I just gotta ride it  
Oh the cold, hard truth  
When it comes to lovin' you  
There's nothin' I can do

These footprints on my heart could  
Tell a story - many times it's been a steppin' stone  
It's been pushed around, broken down, until I found  
I was better off alone, out on my own

I remember every heartache, just like it was yesterday  
But baby when you hold me, you take all that pain away

There's nothin' I can do  
I can't fight it  
I got a heart like a rocket  
I just gotta ride it  
Oh the cold, hard truth  
When it comes to lovin' you  
There's nothin' I can do

I couldn't help myself from fallin'  
Even if I really wanted to

There's nothin' I can do  
I can't fight it  
I got a heart like a rocket

I just gotta ride it  
Oh the cold, hard truth  
When it comes to lovin' you  
There's nothin' I can do
