We are gonna rule the world
Don't you know, don't you know
We are gonna rule the world
Don't you know, don't you know
We're gonna put it together

We are gonna rule the world
Don't you know, don't you know
We are gonna rule the world
Don't you know, don't you know

We're gonna put it together
Want to put it together
We're gonna put it together
Want to put it together
We're gonna put it together now
Together now

Listen me all
We're gonna tell you
The most important thing
That you've never
Heard in your life
You've never heard that before
We came from me a superworld
World of rational energy
And we live
The (?) world
World of animal's energy
Read the book
The only book
The book of God
"Universe In Disenchantment"
And you gotta know the true

Oh, right, man
Play the guitar
