He was rough, he was tough  
And he drank his whiskey straight  
He would fight every night if he didn't get his way  
She was kind She could find all the good in everyone  
And then one day she passes his way  
He felt reborn in that morning sun  
And saw her face, she called his name  
And from that moment he knew he'd never be the  
same

What you can find in the eyes of a woman  
Is a reason to believe  
Look deep inside the eyes of a woman  
See the man you want to be  
I'd been down  
Kicked around  
The world had got the best of me  
Out of rope  
Little hope I'd ever get back on my feet

She took my hand, said yes you can  
One look at her and I'm a brand-new man

What you can find in the eyes of a woman  
Is a reason to believe  
Look deep inside the eyes of a woman  
See the man you wanna be

When I feel the need for inspiration  
With just one look I've found my salvation

What you can find in the eyes of a woman  
Is a reason to believe  
Look deep inside the eyes of a woman  
See the man you wanna be  
See the man you wanna be  
See the man  
See the man you wanna be
