I heard it from a friend of a friend
You're living out in LA now
Got a studio apartment
Couple blocks off the beach
Doing yoga in the evenings
You love the kids you teach

I heard it from a friend of a friend
You met somebody in a coffee shop
You've been going out now
Foregoing ten months
You already met his family
Things are heating up

Don't you believe
anything you hear
When someone tells you
I still ask about you
After all this years
No matter what they say
It's just not true
I don't spend all my days
and all my nights
Just missing you

I heard it from a friend of a friend
You looked amazing in that long white gown
Flowers in your hair
Barefoot in the sand
Your daddy almost broke down
When he gave away your hand

But don't you believe
anything you hear
when someone tells you
I still ask about you
After all this years
No matter what they say
It's just not true
I don't spend all my days
and all my nights
Just missing you

I heard it from a friend if a friend
He didn't mean it when he took those vows
You've been staying with you mama
For a couple weeks now
Being asking everybody about me

I heard it from a friend of a friend
I heard it from a friend of a friend
