I got an empty feeling when that moving van pulled up
It got a whole lot emptier as I watched them fill that
truck

And when they carried out your clothes it took my
breath away

Now they're headed for that bed, the thought keeps
runnin through my head...

chorus

Baby, maybe we should just sleep on it tonight
And give our hearts just one more chance to change
our minds

I could be wrong, but good-bye just don't feel right
So, baby, maybe we should just sleep on it tonight

I'll pay them boys to stop right now and leave that truck
out on the curb

The T.V. and the phone's packed up, so we won't be
disturbed

There's not a light left in this room, just a shadow of a
doubt

So let's make sure we don't give-up before we've
thought this through enough
