Stopped to have a few at five now you're crossing that  
center line for the third time  
Second time like this this week had a friend ask you for  
your keys  
You said 'no I'm fine'  
You sure do act like you don't got a thing to lose  
But every car you pass might be the one's you take with  
you

[Chorus]

You'd give your last breath to your wife  
Take a bullet for your kids  
Lay your life down for your country for your Jesus for  
your friends  
There's a whole lot of things you say you're living for  
You've got to fight it somehow, stop and turn around  
'Cause this ain't nothin' to die for

So what's the harm in a little fun  
'Cause you're off to work before the sun everyday

And the inbox outbox locks you in and the money you  
make ain't worth the time you spend to make your pay  
The doctor says 'man your numbers they don't lie'  
The graveyard's full of folks that didn't have time to  
die

[Chorus]

Straight through that guardrail up into that white light  
You hear a sweet voice saying just this side of the other  
side  
Just this side of the other side

[Chorus]

You'd give your last breath to your wife take a bullet for  
your kids lay your life for your country for me and all  
your friends theres alot you say your living for you got  
to fight it some how, stop and turn around cause this  
ain't nothing to die for  
Ain't nothin' to die for

Nothin' to die for  
Ain't nothin' to die for
