She's getting dressed up, putting on that lipstick
Shimmy shaking right into them cut-offs baby, oh yeah
You're getting off work, cashing out that paycheck
Gotta change that shirt and pick that girl up on her
front step

Here she comes, now looking so fine
You've been waiting on this night for such a long, long
time

She slides in and you roll down Main Street
You turn right when that red light turns green
Sun sets now, you're halfway to heaven
She picks a song, you turn it up to 11

You say, "Do you wanna?" And she says, "Hell yeah"
So you hit the party, all your buddies are jealous
Someday you'll be looking back on your life at the
memories
This is gonna be one of those nights

Crowded backyard, everybody's laughing
Kinda party next week you'll say I was there when it
happened
Coming up on midnight 'bout time to get going
And then the DJ starts to play your favorite song

You slow dance for 3 minutes or so
And then she whispers, "Baby, let's go"

And then she slides in and she gives you the green
light
You hold off till you turn on the headlights
Someday when you're looking back on your life at the
memories
This is gonna be one of those nights
Yeah, one of those nights

Full moon through a crack in the windshield
You hold her close
And you'll never forget how her heartbeat feels
No, you never will

'Cause someday when you're looking back on your life
At the memories
This is gonna be one of those nights
Yeah, one of those nights

One of those nights, yeah, one of those nights
One of those nights
Oh, one of those nights
This is gonna be, hey, this is gonna be
One of those nights, oh, oh
