Everywhere I go
They're staring at her
Every man I know
He wants to have her
I guess I ought to be
A jealous man

I look the other way
They're hittin' on her
Every night and day
They telephone her
They try to get to her
But I know they can't

Cause she never lets it go to her heart
She never lets it go that far
When they start talkin'
She start walkin'
Right back to my arms
She can turn every head
But she never lets it go to her heart

She walks into the room
And everybody watches every move
Hopin' she don't love me

I know it by the way
They hang around
But they don't realize
There's more to her than what meets the eye
That's why I'm certain
No matter what they do to reach her now

She never lets it go to her heart
She never lets it go that far
When they start talkin'
She start walkin'
Right back to my arms
She can turn every head
But she never lets it go to her heart

When they start talkin'

She starts walkin'
Right back to my arms
She can turn every head
But she never lets it go to her heart
