(Track 7 - Time 3:56)

(Brad Crisler/Walt Aldridge)

After all this time I still miss you everyday  
The same world spins 'round  
I guess some things never change  
Sometimes I go out but it never feels the same  
I still look for you  
Baby some things never change

When I said I'd love you for eternity  
I just never knew how true those words would be  
Just an old love song  
Just a mention of your name  
My heart breaks in two again  
I guess some things never change

Maybe someday someone else will set me free  
Until then I'll live with your loves legacy  
And I'll keep holding on  
Hoping you'll come back someday  
You can rest assured  
Baby some things never change  
Girl I'm still in love with you  
I guess some things never change

I still love you
