My body burns like there's a desert deep in me
A thirsty soul so unsatisfied
But there you are like a river to the sea
The one chance I have to change my life

(A) Darling, take me away from (E) here
Make it seem like we're a million miles away
Another time, another place
(A) Make me a different (E) man
Move me farther than I've ever been before
Show me that there's something more

Sometimes I feel like I'm trapped inside myself
Spinning wheels up and down, round and round
Going nowhere just like everybody else
With no touch, no sight, no sound

(A) But you could take me away from (E) here

Make it seem like we're a million miles away
Another time, another place
(A) Make me a different (E) man
Move me farther than I've ever been before
Show me that there's something more

Give me hopes and dreams to fill my head
Push my heart so I can fly again

Take me away from here
Make it seem like we're a million miles away
Another time, another place
Make me a different man
Move me farther than I've ever been before
Show me that there's something more

Take me away from here
Take me away from here
Take me away from here
