Some people say I'm one of those guys  
With blessings in life overlooked  
Sometimes I feel like the tatter torn pages  
Of some old paperback book

All the places I've played and the money I've made  
Still I've got nothing to show  
And the only thing that I have left  
In the whole wide world is you

You put your whole life into somethin' you love  
And you never get that one big break  
That'll take you out of the back street bars  
And put you on center stage

But a million tears and a million beers  
Have just about washed me up  
And the only thing that I have left  
In the whole wide world is you

I gave it all I had  
Every night for all these years  
Pourin' out my soul  
'Til it was gone

I spread myself so thin and I'm just barely hangin' on  
But tonight I'm with you and you can carry me through  
Just love me 'cause the only thing that I have left  
In the whole wide world is you

I gave it all I had  
Every night for all these years  
Pourin' out my soul  
'Til it was gone

I spread myself so thin and I'm just barely hangin' on  
But tonight I'm with you and you can carry me through  
Just love me 'cause the only thing that I have left  
In the whole wide world is you  
Oh, is you
