If I lived and breathed before you loved me, I don't recall  
If I walked around at all, it was in bits and pieces of a jagged heart  
You kissed me and every piece went back in place  
Every pain got erased, you held me up to the sun light,  
now it feels like

No one ever left me out in the rain  
Cold words still remain unspoken  
And I never got lost, spent years in the dark  
You're here, now my heart's unbroken

When I see your smile  
Fill my soul again and I'm unbroken

If I doubted the power of love, baby, now I understand  
I thank God for every day I wake up  
To the soft touch of your magic hands  
In this world sometimes the only thing that's real  
Is the way you make me feel  
Babe, the changes day and night, I swear it's like

No one ever left me out in the rain  
Cold words still remain unspoken  
And I never got lost, spent years in the dark  
You're here, now my heart's unbroken

When I see your smile  
Fill my soul again and I'm unbroken

I still see the night, I fell into your eyes  
And when we made love it felt like the first time

No one ever left me out in the rain  
Cold words still remain unspoken  
And I never got lost, spent years in the dark  
You're here, now my heart's unbroken

When I see your smile  
Fill my soul again and I'm unbroken

Hey, I'm unbroken  
Oh hey, I'm unbroken

No one ever left me out in the rain  
Cold words still remain unspoken  
And I never got lost, spent years in the dark  
You're here, now my heart's unbroken

No one ever left me out in the rain  
Cold words still remain unspoken  
I never got lost, spent years in the dark  
You're here, now my heart's unbroken

No one ever left me out in the rain  
Cold words still remain unspoken
