Is your luck enough?
Is your touch enough? C'mon girl
Can you keep it up?
Is your bluff enough?

Are you tough enough?
Is your stuff enough?
Can you start it up?
Are you sharp enough?

Let it roll, let 'em go, let 'em fly
Took a chance on a chance but the aces were high
Get it on, give it up, give it in
You stole the wages of sin, got to be in it to win

Nine lives, nine times to die
I've been bitten once but I won't be twice shy
Nine lives, nine times to die
Come on and show me your hand 'cause it's your time
to cry

Have you lost your touch?
Are the stakes too much?
Did you spin the wheel
And could you close a deal, yeah, yeah?

Let it roll, let 'em go, give 'em style
Took a chance on a chance but the deuces were wild
Get it on, give it up, give it in
You stole the wages of sin 'cause you're in it to win

Nine lives, nine times to die
I've been bitten once but I won't be twice shy
Nine lives, nine times to die
Come on and show me your hand 'cause it's your turn
to cry, hey

Let it roll, let 'em go, let 'em fly
Took a chance on a chance but the aces were high
Get it on, give it up, give it in
You stole the wages of sin, got to be in it to win

Nine lives, nine times to die
I've been bitten once but I won't be twice shy
Nine lives, nine times to die
C'mon and show me your hand 'cause it's your turn to
cry

Nine lives, nine times to die
I've been bitten once, but I won't be shy twice
Nine lives, nine times to die
It's Russian roulette with every roll of your dice

And nine lives is all you're gonna get
I said all you're gonna get, yeah
Nine lives, nine times to die
You've just bitten less than your nine lives
