### VERSE 1-

The golden hue  
Shifting my point of view  
I hear a voice  
As the world begins to change  
It is calling my name  
I am free  
Here is the right place to be  
The moment is now  
Leave everything behind  
Now is the right time

### CHORUS-

Today is the day  
Light up the way  
Lost in the moment  
There is nothing left to say  
Today is the day  
Light up the way  
I am moving forward  
There is not a better day, today

### VERSE 2-

Incomplete, I have walked these dead end streets  
Like a particle you bend me till I break  
My heart is awake  
Autumn trees losing their autumn leaves  
Life's colors fade lets live before we die  
Let's breathe a new life

### CHORUS-

Today is the day  
Light up the way  
Lost in the moment  
There is nothing left to say  
Today is the day  
Light up the way  
I am moving forward  
There is not a better day, today

### BRIDGE-

Look at the starlight in the sky  
The colors of the heavens painted  
It makes us wonder why  
The sound of the ocean on the shore

The worlds last beautiful sonnets  
What are they there for?

CHORUS-

Today is the day  
Light up the way  
Lost in the moment  
There is nothing left to say  
Today is the day  
Light up the way  
I am moving forward  
There is not a better day, today
