[VERSE:]

When we first met, it seemed so right
Me and you
We had it all, we had it made
What we had was true

But the years have passed, and we didn't last
The test of time
See you now and then, thought you were my friend
That was wrong this time

[CHORUS:]

Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking, breaking

[VERSE:]

You've lost your sense of stability
Now that you're free
No memory of yesterday's
What you say to me

So you're so jaded but intoxicated
Is all you feel
And now I've learned that what we had

Was never real

[CHORUS:]

Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking down
She's breaking down

[VERSE:]

The things you've done show you don't care
So I won't be there

[CHORUS:]

Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
Breaking, breaking, she's breaking down
(Breaking down)
Breaking, breaking, she's breaking down
(Breaking down)
She's broken down
She's broken down
