Forever, I'll wait here

Well, I don't know what it is you see in me

(Me, me)

'Cause I'm everything you won't believe

(Believe, believe)

I'm something you're not

Wish you'd just stop and walk away

We'll go our own separate ways

'Cause it's too late, I just can't stay

Stare at you as you slit my wrist

And as we share our last kiss

Hold me as we die

Empty bottles to deal with this

Pictures to reminisce

Hold me, say goodbye

(Bye)

The darkest night's now solid black

(Black, black, black)

As I see it there's no turning back

(Back)

We chose this path now we can't walk away

'Cause it's too late

I feel the blood falling out

I hit the ground it's all gone down

Stare at you as you slit my wrist

And as we share our last kiss

Hold me as we die

Empty bottles to deal with this

(Deal with this)

Pictures to reminisce

(Reminisce)

Hold me, say goodbye

(Hold me, say goodbye)

Hold me as we die

Oh, oh

Memories gone by

(Oh)

Yesterday's lost in time

(Time, oh)

We left them without a clue

(Oh)

I found myself without you

(Oh)

Stare at you as you slit my wrist

And as we share our last kiss

Hold me as we die

(Die, die, die)

Empty bottles to deal with this

Pictures to reminisce

Hold me, say goodbye

Empty bottles to deal with this

(Deal with this)

Pictures to reminisce

(Reminisce)

Hold me, say goodbye

(Hold me, say goodbye)

Hold me as we die

Forever, I'll wait here
