[VERSE:]

What's going on these days
I havent seen you in so long
What went on those days
Why weren't we getting along

[VERSE:]

What went on those days
I've missed you so much
All those times
That we drank way too much

[CHORUS:]

Everything's gonna be alright
Let's everybody get along tonight
There's nothing wrong with peace and unity
Cuz thats what makes a person free
To be themselves and thats what we need

[VERSE:]

What's going on these days
I haven't seen you in so long
What went on those days
Why weren't we getting along
Now that you're back
I'm so happy to see you
Will play some shows
Drink some beer and smoke a bong or two

[CHORUS:]

Everything's gonna be alright
Let's everybody get along tonight
It doesn't matter if you're black or white
So move on move on move on move on
That's where I stand
no regrets no regrets no regrets no regrets
Just hold my hand

[BRIDGE]

[CHORUS:]

Everything's gonna be alright
Let's everybody get along tonight
It doesn't matter if you're black or white
Cuz that's what makes a person free
To be themselves and that's what we need
That's what we need
So move on move on move on move on
That's where I stand
no regrets no regrets no regrets no regrets
Just hold my hand
So move on move on move on move on
That's where I stand
no regrets no regrets no regrets no regrets
Just hold my hand
