Staring at the broke street light.
Some of those lonely nights.
I didn't know if we would make it through.
Staying up till five a.m.
Watching the sun come up again i'de do it all again if I
could.

Prechorus: So if I call will you be there I miss the nights
we used to share

Chorus: Up on the rooftop listening to punk rock.
Nobody believed us this could be our one shot.
That was all we had. The nights that we wasted got us
through the days that seemed never ending, always in
A haze. But we just didn't care. No we just didn't care.

The only place that we could go.
Staring at a world we didn't know.
Wondering if this was all we had.
40 oz. intoxicated dreams, all our faded memories.
That's what made us who we are today.

Prechorus.....

Chorus.....

All these nights left alone is what made us.
All these nights left alone is what made us.
Its what made us.

Chorus(x2).....
