"Your Promise"

I'm looking for answers to all the questions no one
knows
Bleeding and begged asked you for nothing but
something showed

Your uneasy eyes the sweat on your forehead
Everyone's pointing your nervousness out
It's obvious now that you're scared of yourself
Nothing to keep them from knowing this now
There's nothing to keep them from knowing this now

Promises, shattered pieces, memories of nothing
Cowardly, you'll face this all alone

You're finding your truths, nothing but lies, still no one
knows
You see yourself run but I see you crawling to face the
truth

You're hesitant now, your heart must be burning
Ripping and tearing, your insides are numb
Restless and weak time to start over
Nothing to keep them from emptiness now
Nothing to keep them from emptiness now

Promises, shattered pieces, memories of nothing
Cowardly, you'll face this all alone

Promises, shattered pieces, memories of nothing
Cowardly, you'll face this all alone

You know how this will end
'Cause the pain inside your head is cutting yourself thin
Nothing to do now when you're buried under ground
Your promise haunts you now

Promises, shattered pieces, memories of nothing
Cowardly, you'll face this all alone

Promises, shattered pieces, memories of nothing
Cowardly, you'll face this all alone
