Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.  
Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.

As we lay in the bed and we're looking at the moon  
I put my fingers through your hair, we can dance  
around the room  
Or we can kiss between the sheets, no one else but you  
and me  
It will be a special day, what you say? Hey

I want the world to know that everywhere I go  
I got a girl that's guarantee to be down for sure  
Nothing can come between us, no one can separate us  
Just take my hand, I wish that we can be forever.

Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.  
Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.

I put my fingers through your hair, we can dance

I want the world to know that everywhere I go  
I got a girl that's guarantee to be down for sure  
Nothing can come between us, no one can separate us  
Just take my hand, I wish that we can be forever.

I don't care about the past, I just wanna make it last  
Girl, it's only me and you so we're gotta make this true  
Baby, let's take our time, and you'll always be mine

'Cause you brighten up my day and forever I will stay  
I don't care about the past, I just wanna make it last  
Girl, it's only me and you so we're gotta make this true  
Baby, let's take our time, and you'll always be mine  
'Cause you brighten up my day and forever I will stay.

Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.  
Girl, I wanna get to know you better,  
Maybe we can spend the night together,  
This love will last forever and ever, forever.
