Yeah! I'm fresh to death, kill it every day
Every day I pave my way
This girl is bad, she broke the rule
She party see, she make her moves
But I scooped the rap and I sexy too
She only park with those make her major moves
I am the doom it's unevadable
Moscow hood OK'd it too

My baby what's your name is loving how your frame is
I can sell 'em anything girl I'll make you famous
Driving bad expensive car, baby just don't go too far
Can forsee them outdo to tell them how I set the bar

You only mine, they call's to climb
Tell 'em catch up, we like light years
Girl they fall behind
Me in tempo baby, hit 'em like cambo baby
No filter lady, this right here gon' drive me crazy

(Aida)

You got me, I'm living in your fantasy
Even in your dreams you're wishing you were next to me
You'll be saying don't ever leave me
How much you need me, please stay
You're so deceiving, voice steady pleading
Stay (Stay)
