[Verse 1: Timbaland]

I'll be with you on your way to work
When your car turns on, you'll probably hear me
You can't run your car without me (Without me)
Want a deal, costs you a hundred G's
I am, I am

[Chorus: Static]

I am music
I'm melodies and harmonies
Stereo and mono
On the radio, the radio
I said I am music
I'm simply dope beats
Intros and drum rolls
On the radio, the radio

[Verse 2: Static]

I'll meet you at a summer jam
I'm with you PM or AM
I'll work out with you when you're at the gym
And when you clean the house, I'll be in the den
Cuz I am

[Chorus 2: Static]
