yeah, you ready baby?
sweat is what we break it
sweat is what we break it
...is gone away
smile like a fresh ? i love it when the water go down
your legs
baby girl i don't think that you're hurt when i say

naked right now i wanna see gonna be
i want you naked right now, what you thinking off this
world
naked right now, i wanna see you in my dreams naked
naked right now, naked right now, baby let's take a
picture naked

come on girl, girl, yeah, freaky freaky
take it, stamina, ?, for the camera
you like, yeah, i like, take it again, feel the vibe

i like it when the water go down your legs
baby girl i don't think that you're hurt when i say

naked right now i wanna see gonna be
i want you naked right now, what you thinking off this
world
naked right now, i wanna see you in my dreams naked

naked right now, naked right now, baby let's take a
picture naked
naked right now i wanna see gonna be
i want you naked right now, what you thinking off this
world
naked right now, i wanna see you in my dreams naked
naked right now, naked right now, baby let's take a
picture naked

baby i wanna feel you touching me, girl ?
i don't want you over me, you want me to break you off
baby i wanna feel you touching me, girl ?
i don't want you over me, you want me to break you off

naked right now i wanna see gonna be

i want you naked right now, what you thinking off this
world
naked right now, i wanna see you in my dreams naked
naked right now, naked right now, baby let's take a
picture naked
naked right now i wanna see gonna be
i want you naked right now, what you thinking off this
world
naked right now, i wanna see you in my dreams naked
naked right now, naked right now, baby let's take a
picture naked.
