[Rome Talkin]

Young Rome

1st album

Im here now

Yo yea

Let me get at yall for a second

[Verse]

Yo I spit like no other

I let my flow smotha

Cities and burrows im thorough

Rich but im so gutta

Im so rookie you'd think I was satins advocate

Im bad bruh bad as JLo so call me Affleck

Sick of dis sickle cell anemia

Platinum status so I treat hoes like they the media

I keep em off me no replies or comments

And haters can go out the same way that saddam went

Cuz you cannot hide and you cannot run

And most of you niggas will die by the gun

Cuz rap is outta control

And everybody frontin like they heart is as cold as the
North Pole

So this is why this LP was designed

To free your mind from you fakers

Be wrong if I cried

Talk about muttering locks in every soda crack rock

Young Rome says stop

Get yo mind right nigga

[Rome talking again]

Im here now, im here now

I don't think yall niggas heard me

I can't be stopped at this point

Im here now and aint no stopping me

And aint no dropping me

Yo niggas im here now

Move out my way

It's my day today

Im here now

TUG aint no stopping me

Young Rome

It's either all or nothing baby
I play dis game to win
Not to lose
Welcome
To Young Rome's life
Let's get em
Tech fade me out
Its time to stop playin wit dese niggas
