Anything in the field, on the trap,
Rat rat, drop like led
Who is that your friend, and she kinda cute
She ainÂ't got that booty that hit booming like you do
Cause I gotta be in here, with the Â...again, if you want

Cause you know a nigga want to,
AinÂ't nobody like you
So baby tell me what you really wanna do
Booty big, oh kemosabe, sex so good, gotta tell

One thing you should know about me
That I keep them big booty redbone girls all around me
Only take a one big boody redbone, shopping
Picture me spending all this money on these hoes, not
me
Used to hump all week, in my Â... computer love by
roger trapman
If you see one of my immigrants, they looking good,
and never sloppy
Ball nigga, straight hating, but the fascinating this is
they bout this
They all in the gym doing yoga, but a lot of them like
pilates
Catch em in the club with a drink in hand and getting
that shit cranking, poppin, poppin
Like I can make it rain, drink, I can make it stain
Trick, throwing money in the air like monopoly
All of them telling me to pour champagne all over they
Â...

[Chorus]

Got a redbone, she look tropic
Fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin

I got a redbone thatÂ's poppin
Husband off in the army
She love we both in common
How we both love to be bonding
Exploding all in her booty
Her hand all in gucci
With a cucci oh so juicy
Keep the condom, oh so gooey
Redbone is poppin, from jail you keep callin
Dummy behind the glass, they should place you in
even markets
While IÂ'm fucking her mentality, impregnating her
brain
YouÂ're shooting blank mans, youÂ're Â...
Redbone is poppin, no gabi flex no stoppin
They banking off my wins, I snatch em down like IÂ'm

rodman

Long pipes for long nights, tall yeah, great heights
Â... just how I get themÂ...

[Chorus]

Got a redbone, she look tropic
Fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin

I got redbones all through the towns
Set em up and then knock em down
Mount high, how you like me now
Climax before you hit the ground
Petey pete, donÂ't fuck around
Long wood, about a half of pound
Ask more, theyÂ'll tell you bout it
IÂ'm a bad man like leroy brown
Huh, Â...that ever hit the secene
Think I ainÂ't then place your bet
Baby bring me that money bag
Redbone like a redvet
Red hair with that pussy
Red marks on her red neck
And she fuck wailing like rough sex
Got a bunch of baby mamas
I ainÂ't got no kid by none of them
All I do is supply the goods,
And feel me all up in they stomach
And I drop them off and IÂ'm gunning
Hit the ground and keep running
Later gonn come back for more
Because you canÂ't stay away from itÂ...

[Chorus]

Got a redbone, she look tropic
Fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin
Got a redbone, she look tropic
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin
She fuck me right then she shoppin
