Thats the one,

Thats the one,

[Keri Hilson]

Wait a minute Timb thats my swagger,  
so from every moment here on after,  
I will be riding the beat like an ATL freak, yep  
and if you want a bay we can move faster,  
but I'm not the kind of girl who'll ask ya business  
i'll be about mine so don't listen to the rumours,

[Chorus]

cos they keep spreading like the walls keep spinning,  
and they keep watching while the windows tinted,  
and they keep talking but we just don't listen to the  
rumours,  
rumours, ru rumours,  
let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
it just a rumour (x8)

so do everyone jocking like this,  
what it is, where you miss with all that sh-t cos,  
what it look like not's what it look like,  
might what it look like but your whom I don't like,  
cos you say it like you know that its true,  
tryna mess it up with me and my boo,  
see what it look like not what it look  
might what it look like but your whom I don't like,

[Chorus]

cos they keep spreading like the walls keep spinning,  
and they keep watching while the windows tinted,  
and they keep talking but we just don't listen to the  
rumours,  
rumours, ru rumours,

let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
it just a rumour (x8)

its blood on the dance floor you murdering these hoes,  
serial killer, you do it every night,  
the copycat killers wanna do just like you,  
aint even right, give em some advice,  
7inch stilettos aint for those scared of heights,  
they committing suicide jumping out the window,  
while you in suicide doors hopping out the benzo,  
homocide Hermes bag, take off the lobby,  
call CSI she just caught another body,  
marrried to the mob, Victoria Gotti,  
except your accomplice is Isaac Mizrahi,

[Chorus]

cos they keep spreading like the walls keep spinning,  
and they keep watching while the windows tinted,  
and they keep talking but we just don't listen to the  
rumours,  
rumours, ru rumours,  
let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
let em talk, let em watch, take a pic, let it click,  
they can say what they want but it don't mean sh-t,  
it just a rumour (x8)
