I got a feelin' she keeps me in the dark
I gotta keep my eye on her, she ain't no walk in the park
I bought her this but she want that she she, she want it
all
You see she wanted to paint the picture and say she's
my broad

I got a little tip from the word on the block
People sayin' I shouldn't get involved
But I didn't judge, I tried to change it
'Cause you are who you are

I'm like a drug, she's addicted to me
She can't keep me now
She always makin' plans today
Come and find me tomorrow, goodbye girl

She's too invested in the hours that pass her by
I'd pay attention if I thought it was worth the time
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave

Fall back on reasons that we know won't stand a chance
Watching her shoulders like a memory from the past
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave

I couldn't get rid of shorty if I wanted
'Cause she was down
But I was tired of playin' the role
Like I ain't know that she get around

Somethin' 'bout this girl fascinates me
She's the type that like to hang with the stars
The way she makes me feel and sedates me
Who knew we would take it this far?

Everywhere that I try to go
She got a "Wanted" poster with my face on it
Soon as I walk out the door, there it is
"Wanted" poster with my face on it

Can't blame myself when it's not
My fault 'cause nothin' is promised
At least I can say I was honest
Goodbye girl

She's too invested in the hours that pass her by
I'd pay attention if I thought it was worth the time
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave

Fall back on reasons that we know won't stand a chance
Watching her shoulders like a memory from the past
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave

She's too invested in the hours that pass her by
I'd pay attention if I thought it was worth the time
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave

Fall back on reasons that we know won't stand a chance
Watching her shoulders like a memory from the past
I'd tell her easy but her hands, they find a way
Confusing passion for the love he never gave
