Timothy, I took your place
Timothy, 'cause it's such a waste
Timothy, we found your spaceship
Timothy, it's the farthest you've ever flown (ownx6)

Hey! Put your lighters up! Put your lighters up!
Yow Yow Yow Yow Yow...Yow
Put your lighters up!
This is the Timothy song if you dont know about me

Yeah! They call me Tim, VAs phenomenon
I kill 'em all winter until the summer comes
From just another name, all the way to number one
And I'm simply the best, when its all said and done
Remember when me and my boo was tryin' to make a
meal
Well we did and years later we got it still
Gave you my bio under construction one and two
100 percent genuine that was from me to you
Im making moves while they ridicule
Im like the warm summer breeze in the swimming pool,
im cool
I never kept it basic
I've been so many places
Been getting moneys since them honeys had them
small faces
So many little me's
I get in small traces
But I just ignore it 'cause I'm too big for it.
And I hear them screaming, screaming...

(Chorus - Jet)
Timothy where have you been? (yeah, yeah)
It's not what it seems
But it is (yeah, yeah)
Timothy where have you been? (yeah, yeah)
She cried in the kitchen
To let you go (screaming)
Timothy where have you been?

I've been in Athens, Georgia

By way above a sparks
When the nights was bright and all the days were dark
But now they all bright, everything is all right
If you assume a life was wonderful then your right
I got a bad wife
Freaky little kids
I make the world dance, yeah, look what daddy did
This for Jay-Z
Nelly Furtado
Catch up, Y'all slow
Escargot
Nelly, the fourteen mill with Fargo
I part an airplane look I need a par faux
As Justin Timberlake is Timbaland great
Y'all gotta deal with me, no handshake
Stand up, rather have a stand-off
With the law before I let 'em say I ran off
And I can hear 'em screaming, screaming...

(Chorus - Jet and JoJo)
Timothy where have you been? (yeah, yeah)
It's not what it seems
But it is (...it is...) (yeah, yeah)
Timothy where have you been? (yeah, yeah)
She cried in the kitchen
To let you go (screaming)
Timothy where have you been?

Hey, some say I ran away, but really I never left
They wonder where I've been, but they can never guess
I've been around the world here to the other side
And I successfully achieved what others tried
Carry my city on my back like a crucifix
For more than a decade cos I can do this sh-t
Alot of people want my spot but I wont hesistate
The track niggled my legacy won't arpeggiate
I stand strong everything I put my hands on
Me and Mr Iodine Cos ain't no high teen
Cos I can hear 'em saying saying...

(Chorus Jet and JoJo)
Timothy where have you been? (yeah, yeah)
It's not what it seems
But it is (yeah, yeah)
Timothy where have you been? (yeah, yeah)
She cried in the kitchen
To let you go (screaming)
Timothy where have you been?

(JoJo)
Timothy where have you been?

She cried in the kitchen
To let you go
Where have you been?

(Jet)
Timothy where have you been?
