I got my first check today, can't wait to bring it home to
you

God bless me to help my girl to come home too
I've seen the world but I really haven't seen you
Is that you, pretty girl? I can't wait to get home to you

Oh, sweet girl, I'm missing you now
Yeah, sweet girl, can't wait to see you smile
Hey sweet girl, I am missing you now
Hey sweet girl, can't wait to see you smile

I can't, I can't, I can't
I can't wait to see you smile
That's it [Incomprehensible]
