Yo yo yo
This is Timbaland thursday
Timbaland dot com

My baby girl is waiting in my bedroom at home for me
Another girl is waiting in the hotel alone for me
What's going on i'm dead wrong maybe I ain't right for
her
And when I get home the only thing i'ma hear all night
from her is

You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Be glad you breathing (you crazy)
You ain't gon' cheat on me no more (ahh)
You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Watch your back and I mean it (you crazy)
You ain't gon' cheat on me no more

You crazy girl
Why you talking all bad about me baby
I'm pretty sure that you can't live life without me baby

You wanna call me names
When I try to leave then you come after me
You're saying crazy things
Why you throwing stuff baby you're scratching me

You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Be glad you breathing (you crazy)
You ain't gon' cheat on me no more (ahh)
You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Watch your back and I mean it (you crazy)

You ain't gon' cheat on me no more

Think i'm crazy now
You really don't wanna see me explode
I'm like a time bomb
Watching every move and i'm waiting to blow
Remember the last time
You begged me to stay when I wanted to go
Now do it again
It's going down like you never seen before cuz

I know i'm convinced you've been on the prowl
Remember payback's a bitch
You know three's a crowd

You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Be glad you breathing (you crazy)
You ain't gon' cheat on me no more (ahh)
You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Watch your back and I mean it (you crazy)
You ain't gon' cheat on me no more
You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Be glad you breathing (you crazy)
You ain't gon' cheat on me no more (ahh)
You lied (you crazy)
You cheated (you crazy)
And you ain't got one good reason (you crazy)
Watch your back and I mean it (you crazy)
You ain't gon' cheat on me no more
