So now I've told you time after time
Jump to conclusions when you make up your mind
Is this the road that you want to be on
You'll find out soon that it's not very long

Evil is breeding
The master is grieving
A lie so deceiving
We all fall down
We all fall down

I see the news and it tells me each day
Is it a life when it's not in the way
Which is it now please tell me this time
Before it's too late and we all cross the line

Evil is breeding
The master is grieving
Ashes to ashes
We all fall down
We all fall down

How many times will you let things go by
Before you stop believing the lie
How long will you keep suppressing the truth
As we are blindly lead right into the noose

Evil is breeding
The master is grieving
Ashes to ashes
We all fall down

Evil is breeding
The master is grieving
A lie so deceiving
We all fall down
We all fall down

We all fall down
We all fall down
We all fall down
