Maybe if you'd listen than you'd know what I just said
If you think the words I'm singing are, ?Why your kids
are dead??

Maybe could it be that no one was there to hear
Did you pay attention to their angers and their fears?
You're trying to find someone to blame who can't be
put on trial
The enemy you're looking for is laughing all the while

I mourn for those who have been so deceived
You know the last words that they spoke were, ?Who
loves me??

People in glass house should not be throwing stones
A sticker on a record won't give your kids a home

So sad it takes someone to die for you to start to care
Your neglect and misguidance have become your
nightmare
I hope and pray this tragedy was not all just in vain
Now you can help somebody else avoid the endless
pain

I mourn for those who have been so deceived
You know the last words that they spoke were, ?Who
loves me??
I hope that someday you will stop and realize
Just why do many kids have died?

Think twice before you point a finger that you may
regret
To clear you conscience is your goal but that is all you'll
get
What's done is done, you can't bring 'em back, just let
go of despair
You keep saying to yourself, ?If only I'd been there?

I mourn for those who have been so deceived
You know the last words that they spoke were, "Who
loves me?"
I hope that someday you will stop and realize

Just why do many kids have died?

(Tell me why?)

I mourn for those who have been so deceived

(Tell me why?)

You know the last words that they spoke were, ?Who
loves me??

(Tell me why?)

I hope that someday you will stop and realize

Just why do many kids have died?
