The Metalian ... He who has survived all tasks...
He who has abolished conformity...
He who has been true to his dream ...
and loyal to... PURE... METAL!

Still missing...

Her ... She.... Womb of the earth...
Creator of all life .. Key to completeness
Spread into parallel universes... Long ago ... to find ...
HIM... ON THE
OTHER SIDE
Dreams might tell the future... who knows ?
Visions getting clearer ... as the legend continues
of the ... NEW...BORN... METALIANA
