Here I am bleeding
What's the meaning
Trying to find out what guides me on my way

You respect your brothers
While killing others
I'm getting frustrated - no sense in what they say

Waiting for the rain
To wash away the mess inside my brain

Will I find my way
Trying just to read the signs
I listen to the voice inside me
I won't lose my power

Insanity
Is killing me
For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

You think we're changing?
Or rearranging?
Jaws of corruption
A sign of our times

Waiting for the rain
To wash away the mess inside my brain

Will I find my way
Trying just to read the signs
I listen to the voice inside me
I won't lose my power

Insanity
Is killing me

For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

Insanity
Is killing me
For what I got
Crossroad Overload

Here I am bleeding
What's the meaning
