Vers 1:

No one can stop the wheels of time
And if you dare to you'll be left behind
The future is now - is this the deal ?
fiction is real
You throw your life away - you're just living for the
things that don't exist
You live a lie - you don't see that you're dismissed

Bridge:

And now you start to suffer
You have to pay the price
Already lost the balance
You realize

Refrain:

Cyber horizon
Is it worth dying for ?
Communication denied
A world in silence
Break out forevermore
Reset your mind - tear down the wall
Cyber horizon encircles us all

Vers 2:

Don?t lose your soul
Don?t lose your mind - don?t lose control
Don't you rely on something unreal
Stand your man
stand the temptation if you can
don't lose your mind, don't lose your soul, don't lose
control

Bridge:

And now you start to suffer
You have to pay the price
Already lost the balance

You realize

Refrain:

Cyber horizon
Is it worth dying for ?
Communication denied
A world in silence
Break out forevermore
Reset your mind - tear down the wall
Cyber horizon encircles us all

(Solo)

Refrain:

Don't lose your mind
Don't lose your soul
Don't lose control
