Vers 1:

Like a hero, we won't die
Like the sunrise within a storm
In the morning, we hear them still mourn
In the dead end, we build to be strong Â...

Choir: Listen to the core of your heart

Strong Â...

Chorus:

Endless believers, made to survive
Endless believers, to realize
The human fever, will turn back time
To kill deceivers, we'll return to send you a sign

Vers 2:

Smell the breeze through your hair
Feel the battle of despair
Like these heroes of all time, ohh
Wandering out, to see the sign

Bridge:

Choir: Listen to the core of your heart

Sign Â...

Chorus:

Endless believers, made to survive
Endless believers, to realize
The human fever, will turn back time
To kill deceivers, we'll return to send you a sign

Speech:

The way of a believer does not always follow the mind
Often the path will lead through a mental storm of rain

and thunder
But the passion in his flaming soul
is heating the heart, to take over control
