Vers 1:

Something's calling, Skies are falling
Darkening day and night
Now we stand here, feeling our anger
Releasing the pain inside

Bridge :

You are
Take it all away
No matter what they say
You'd better stay away from the night
It's hunting me

Chorus:

Choir:

God can't you see, this pain in me

All The blood that has been wasted in your name since
ever

Choir:

God can't you feel

Tears have been wasted since you were here,
ohooooooooo
Choir: God can't you see

Earth is crying, we are dying
A part of you and me
Nature's screaming, violence is teaming
Soon enough we'll see

Bridge:

You are
Take it all away
No matter what they say

You'd better stay away from the night
It's hunting me

Chorus:

Choir:

God can't you see, this pain in me

All The blood that has been wasted in your name since
ever

Choir:

God can't you feel

Tears have been wasted since you were here,
ohooooooooo

Choir:

God can't you see

(Solo)

Chorus:

Choir:

God can't you see, this pain in me

All The blood that has been wasted in your name since
ever

Choir:

God can't you feel

Tears have been wasted since you were here,
ohooooooooo

Choir:

God can't you see, this pain in me

All The blood that has been wasted in your name since
ever

Choir:

God can't you feel

Tears have been wasted since you were here,
ohooooooooo

Choir:

God can't you see
