Never Die:

The voices told me what to do
I was never able to
Follow the way that they are looking for
Praying and preaching the way it should be
They don't seem to be free

Go ahead, don't look back
Strong enough to fight my way
Road is free, don't wanna be
The fool someday

I'll never die
I'm still alive
Forever and ever
In unions stand together
The way of glory is bound in my mind

They won't direct me into black
And if they try I'm fighting back
Leave 'em behind before I close the door
Neck breaking - earth shaking - victory's mine
Your life's on the line

Go ahead, don't look back
Strong enough to fight my way
Road is free, don't wanna be
The fool someday

I'll never die
I'm still alive
Forever and ever
In unions stand together
The way of glory is bound in my mind
