[Theme: Odin / Scandivia]

The first born of the gods called Odin  
Eight-legged Sleipnir brought him everywhere  
God of death and battle showed no fear  
No one stands in his way - don't you dare

Ride on the horizon  
Lead the raging force  
Destiny is ours  
Collect the fallen heroes  
Bring them home to Valhalla

I'm under his spell  
Down in Oden's realm

The raven were his thoughts, his memory  
His spear Gungir, defeated rivals well  
The Fenriswolf erased his breed  
He swallowed Odin - They went to hell

Ride on the horizon  
Lead the raging force  
Destiny is ours  
Collect the fallen heroes  
Bring them home to Valhalla

I'm under his spell  
Down in Odin's realm

Ride on the horizon  
Lead the raging force  
Destiny is ours  
Collect the fallen heroes  
Bring them home to Valhalla

I'm under his spell, down in Odin's realm

Down, down, down in Odin's realm  
Down, down, down

Down, down, down in Odin's realm

Down, down, down

[Story:]

Odin, the King of Gods lived in Valhalla. He and his brothers created the world and the first human beings. Odin sacrificed one of his eyes to "Mimer" so that he could become the wisest of the wise. He was able to change his shape and often travelled as a bird, fish or snake through all worlds.
