[Theme: Odysseus / Greece]

Odysseus

Fought in Troja to bring back Helena

Built the conning horse of wood

To strike the fortress for Athena

On the journey back, adventures encountered, for 20 years

Resisting temptations of the sirens

And creatures of pure evil

Hurricanes sent king of the gods Zeus,

To drown him into dark hell

Guided by the ocean goddess, he survived until the end

He cursed into the sky, end this Odyssey

What's this evil spell that was laid on me

He cursed into the sky, he cursed into the sky

End this Odyssey

What's this evil spell that was laid on me

He cursed into the sky, end this Odyssey

What's this evil spell that was laid on me

Adventures for 20 years

The hero reached his domain

Penelope waited for so long there

With arrows he ended the pain

[STORY:]

[Odysseus:]

Odysseus ruled over Ithaca,

an island on the west

coast of Greece, and was a visitor

of amazing unknown lands.

He built the wooden Trojan horse to

Strike down the enemies fortress.

The Odyssey relates his long,

excessive expedition to return home from Troy after
twenty years of absence.
During this time his look changed drastically,
so nobody but his dog recognised him anymore.
