I'm not waiting on you to call me back anymore
Because I don't need it..
I won't waste my days thinking of you
Because you're just bad news..
You gave up too early,
You let me down before I was off the ground..
Hey, really you disappoint me..
Yeah, you've got cute,
Now I wish you'd get sane...

It was my nerve to think that I was better than this,
Really I was just part of the plan..
It's so easy to lose yourself in what you want it to be,
Really I just kept hoping you'd get lost in me...

So don't look down until your feet hit solid ground..
Aren't you getting sick & tired
Of your whole world spinning around?
There's so much you've been missing..
If you take the time to listen,
I swear that you could make it out alive...
