I want you to remember  
Lying in this room  
Awake until the sun came up  
Yeah, the way your hair falls in your eyes  
What you said was I can't save tonight  
And I can't save this life

Look how I thought  
You were the only thing I ever wanted  
Well, I guess you made me see

And you say we got a problem  
And I cant stand to let you solve this  
'Cause I know what that means for me  
And you say we got a problem  
And I cant stand to live without you  
I think tonight it's on TV,  
So I guess I'll have to live without it

Do you ever think back?  
Did you ever think at all  
I could be your first regret  
Or at least the best one yet  
But I can't stand in the shadow of our doubt  
So you wait around  
And went to war  
And what you said was livings always easy  
When you're leaving

And how you thought  
That I was the only thing you ever wanted  
Well I guess I made you see

And you say we got a problem  
And I cant stand to let you solve this  
'Cause I know what that means for me  
And you say we got a problem  
And I cant stand to live without you  
I think tonight it's on TV  
So I guess I'll have to live without it

Look how we thought  
That love was the only thing we ever needed  
Two dozen miles made us see

And you say we got a problem  
And I cant stand to let you solve this  
'Cause I know what that means for me  
And you say we got a problem  
And I cant stand to live without you  
I think tonight it's on TV  
So I guess I'll have to live without it

And you say we got a problem  
And I cant stand to let you solve this  
'Cause I know what that means for me  
And you say we got a problem  
And I cant stand to live without you  
I think tonight it's on TV  
So I guess I'll have to live without it

Everybody's leaving you alone  
Everybody's leaving you alone  
Everybody's leaving you alone  
I want you to remember
