Hit me with your best shot tonight,
Yeah, we'll say everything's fine
I can't sleep to save my life
Until it's over.

Bring it back, and open out your
Train is leaving,
But I can't think about feeling until you'll stay
You know me better, do it faster
You were looking for a way out now
Things too perfect or just fade away.

So watch your back tonight and try your best for
everyone,
But I know who you are and where you've been.
Yeah, you know me better, do it faster
You are one of the worst mistakes I think I've ever
made,
How does it feel?

Hit me with your best shot tonight
Yeah we'll say everything is fine
I can't sleep to save my life
[?]
And I don't know just where this is
I'll keep trying to pretend
Until it's over

We can't wait to get out
And I'll keep running
So you know what it's about
When it's over
We'll take our time and find it out
So just keep crying, just keep lying
While your ripping out my heart
Until it's over, Until it's over

Hit me with your best shot tonight
Yeah, we'll say everything's fine
I can't sleep to save my life
I don't know just where this is

We'll keep trying to pretend.
