I can't wait for this to end,
Everything I ever said
Wasn't half of what you did.
If it had a point, I swear I'd write a book,
And I know damn well that you'd read it
To see how I made you look,
So here's your list of reasons,
Screaming "I can't sleep at night."

I can't wait for this to end,
Because I can't stand to watch this,
And I don't wanna see you again.
I don't want to talk, you don't have to say you're wrong
Cause everybody knows already,
And they're all here to watch you fall.

I can't believe how long it took,
But empty words on empty pages
Made it all that much harder.
Tore my heart out and you swore that it meant nothing,
But all that "he said, she said" drama
Means it had to be something.

So heres your list of reasons screaming,
"I can't sleep at night."
I can't wait for this to end,
Because I can't stand to watch this,
And I don't wanna see you again.
I don't want to talk, you don't have to say you're wrong
Cause everybody knows already,
And they're all here to watch you fall.

So let's pretend this never happened,
And let's just say that I'm not laughing.
It's a shame what you've become,
Yeah, you're the joke on everyone.
I guess breaking hearts is easy once you learn.

I can't wait for this to end,
Because I can't stand to watch this,
And I don't want to see you giving up.

I don't want to talk, you don't have to say you're wrong
Cause everybody knows already,
And they're all here to watch you fall.

I can't wait for this to end,
(If we all did you so wrong)
I can't wait for this to end,
(Why are you alone tonight?)
I can't wait for this to end,
(I can't wait for this to end)
(tonight)
I can't wait for this to end.
