Verse 2-Nuc

(Nuc)
The price is getting heavy, and the hate is getting thick

If that's to hard, you're better of giving up
(You see)The team got buzz, the people show us love
Yall aint got half of that,maybe i said enough
One of a kind, you recognize about my swagg
And the way I have niggaz renting money off my ass
You talk about the paper,Imma show you what you lack
Even If you had the bread, you wouldn't know how to
stack
Picture aint perfect, If you aint got green
Me and him not alike,so don't compare him to me

Verse 3-Kyah Baby

I'm headed for the top,I'm aiming for the moon
I'm going make it up out the hood real soon
And if I miss the moon, I'm guranteed to land on a star
Everywhere we go, niggaz know who we are(Lite Werk)

If I make it big, I won't forget where I came
from(SouthSide)
But when you make it big, shit just aint the same son
You gotta hustle hard, this shit's not a game son
Go in with an attiutde, come out with the same one
Keep the money stack, I gotta keep the stash
Its true when they say you can't be living in your past
But you gotta know where you been, to know where you
going
Can't live by what you heard, you gotta live by what you
knowing
Getting money over here, there aint nothing over
there(Boy)
But all the way I'm moving you would think I'm taking
steroids
Bitches is snake, so I keep a toy near boy
Fuck pardon my back, you can pardon my rear boy

{Chorus: Young Hitz & Kyah Baby}
We Got Money(Got Money)
We Got Flows(Got Flows)
We Count Hundreds(Count Hundreds)
We Got Hoes(Got Hoes)
Without Hustlin(no)
Without Hustlin(no)
We headed straight for the top
Gurantee won't flop
Everybody keep saying,Got damn the team hot
And We Know It(Yeah)
And We Know It(Yeah)
