A shadow in the night can be a demon  
With the power of God  
Before you will survive  
You must be aware about a thing  
And what you see.

It's in the air right now  
I am the risen I'm the chosen one to see  
This bloody war is here to stay.

Now he cast down  
The pieces of silver and gold  
In the temple light.

Betray yourself and die  
This is a war without a soul and without tears  
Can you be strong enough to see  
The fire you believe in every day.

My enemy is here to bring the spirit  
Or no reason back to hell  
Your sacrifice will be the way.

I make confession without words  
Praying in the night for the seventh sign.

When the savior's diving in the night  
Soldiers gathered screaming out your name  
Powers from the glory shiny grace  
Masters using pieces of my mind.

If you believe in this  
You might imagine they are putting this together  
I will be there to see the cradle  
Fading in the night not far away.

It's in the air right now  
I am the risen I'm the chosen one to see  
This bloody war is here to stay.

Now he cast down  
The pieces of silver and gold

In the temple light.

When the savior s diving in the night  
Soldiers gathered screaming out your name  
Powers from the glory shiny grace  
Masters using pienes of my mind.
