Cold shoulder
I hope you analyze the words I say
Fall in too deep

Iâ'm chasin' dreams
But they run too fast for me
Chance
Iâ'm taking them and getting caught

Let me tell you another secret
Just listen to the sound
Iâ'm living in a world of what if's
Let's get out of this town

If Iâ'm going down
Iâ'm going down in style
Is this what you wished for?

Hot under the collar
All hell's breaking loose
Chalk one up
Cause you're getting written up
"You only live once, right?"
That's the phrase I live by
Don't burn these pages up
Cause the story's not even done

Iâ'm awake under the knife
Iâ'm awake under the knife
Iâ'm awake under the knife (been through it all a little bit)
Iâ'm awake under the knife (been through it all a little bit)
Iâ'm awake under the knife (If you're dealt the wrong cards you can still bluff)
Iâ'm awake under the knife (And all you want to do is look back and shake your head)
