This is the outro to your beginning
You're an act this is only scene one

Talk is cheap, but I pay a lot for mine
My hand's up in the clouds, and my body's on the
ground.

Runaway, runaway
What is this chemistry I know?
Bad news travels fast
First impressions are the worst

So break
I'm broken into pieces for a life I'll believe in
And I know that I'll regret putting up with all of this

Break
I'm broken into pieces for a life I'll believe in
And I know that I'll regret putting up with all of this

Isn't it obvious
I'm so mysterious (lets break)
Lets break this trend

Runaway, runaway
What is this chemistry I know?
Bad news travels fast
If you play they will come

So Break
I'm broken into pieces for a life I'll believe in
And I know that I'll regret putting up with all of this

Break
I'm broken into pieces for a life I'll believe in
And I know that I'll regret putting up with all of this

This is the outro to your beginning
You're an act, this is only scene one

So Break
I'm broken into pieces for a life I'll believe in

And I know that I'll regret putting up with all of this

Break

I'm broken into pieces for a life I'll believe in

And you better just put up with this
