(I dont wanna fall, I just wanna rise up, touch the sky...)

Golden Despite the night
Mysterious far heaven and red light
Its natural what we see, its real light that we feel
We rush high and life flashes by

One Night To Live
Truly Heartless

I dont wanna fall, I just wanna rise up, and touch the
sky
Want to fall in so deep, now I realise maybe I
Was never meant to fly, extend my wings, keep
bringing me down
Im having flashbacks hoping that I'll never ever hit the
ground

If I had the chance, I would spread my wings up, up,
and fly
Then I'm falling down, now I realise I dont really wanna
die
Im not really ready, now is not the time, I need a
second chance
I see myself falling, falling - the ground is so fast.

I'm drifting high, you lift me up,
And if you have to stop me
I'm rising high but I'm falling down.
To keep my mind, you wont be able to find me
I'm diving in vain within a heart - I wont stay here
I'm drifting high, you lift me up,
And if you have to stop me
I'm rising high, you can hold me

There for sure
I might find you
Is it you?

Golden Despite the night (I dont wanna fall I just want
to rise - touch that sky)
Mysterious far (I dont wanna fall I just want to rise -

touch that sky)
It's natural what we see (If I had the chance I would
spread my wings up up and fly)
Its real light that we feel (Then im falling down, now i
realise i dont really wanna die)
While we rise up (Im not really ready, now is not the
time, I need a second chance)
Love passes by (I see myself falling, falling - the
ground is so fast)

One Night To Live
Truly Heartless
